

South Texas Youth Soccer Approved Tournaments

7/28/15

Tournaments listed below are approved for the age groups and competition levels designated.

For clarification purposes: "Restricted" as the type of tournament designates that the event will include ONLY teams registered through programs affiliated with US Youth Soccer. "Unrestricted" as the type of tournament indicates that the event is accepting teams from US Youth Soccer affiliates as well as US Soccer affiliates. Insurance coverage is in effect for all STYSA registered players when participating in either type of event as long as the event has been sanctioned by the State Association. All tournaments listed below have been sanctioned by South Texas Youth Soccer Association.

Teams may choose to play in non-sanctioned events; however, parents should be advised that participation in such events will result in the insurance coverage provided by the state association not being in effect for that event.
