

South Texas Youth Soccer Approved Tournaments

2/5/10

Tournaments listed below are approved for the age groups and competition levels designated. In cases where players in specific age groups are not registered through STYSA, the state does not have jurisdiction over and cannot approve participation in these events. Teams may opt to participate in non-sanctioned events; however, the parents should be made aware that STYSA insurance coverage does not extend to participation in a non-sanctioned event. If you have questions, please contact the hosting organization or the State Office.
