Gender: Boys___ Girls___ Team Name: _____

Only four (4) adults will be allowed on the team sideline. All sideline personnel must be properly registered and in compliance with State Rules which includes having a valid KidSafe Pass and, if appropriate, a coaching license or un-expired New Coach status (Team Managers are not required to have a coaching license.) Before requesting a Bench Pass, please verify whether the coaching license level of the individual is shown on the team roster. If there is no coaching license shown, the individual should fax or email a copy of their license to the State Office so their record can be updated.

Please indicate below the personnel from your team who meet the above criteria and should be issued a Bench Pass. We encourage you to confirm the accuracy of the request prior to submitting the request. Any late or on-site requests for Bench Passes will only be issued if the coaching license / KidSafe status of the individual can be verified. In these cases, individuals not listed on the roster may be denied if the Site Coordinator does not have access to non-rostered adults.

Bench Passes will be distributed at Check-in on Friday night and must be visible at all times during the tournament.
